Arnold Kolax Furniture, Inc.

Arnold Kolax Geometric Accessory Tables are functional room accent pieces with personality. Each is created from only the finest hardwood and hand-made by skilled artisans. We offer a wide variety of custom modifications ranging from non-standard sizes to custom shapes, colors, and finishing effects.

forms

Each form below is available in a wide variety of sizes, materials and finishes—with numerous options to choose from. Arnold Kolax can also provide a custom form that is tailored for your specific needs.

materials

THE WOOD: All solid wood edges used on the exterior surfaces are “A” grade select in Walnut, White Oak, Honduras Mahogany, American Cherry, and White Maple. Every effort is made to match solid wood with the corresponding plastic laminate in color and grain.*

THE FINISH: A “seven step,” open pore finish is standard to our geometrics. It is a rich, lustrous, water and alcohol resistant, 35° stain sheen multi-coat lacquer that is applied over a “hand rubbed” wiping stain. Color consistency is maintained by constant comparisons to “control panels” at every step in the finishing process. Custom color matching is available: ask for more details.

*Since wood is a natural material, some variation in color grain and character may occur. The variation is not considered a defect.

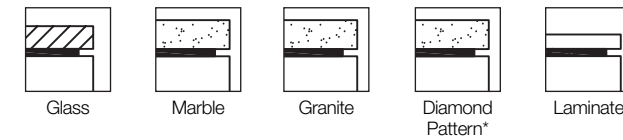

**Anigre veneer is available at an upcharge.

***Marble and granite are natural materials and so some variations in pattern and color will exist within each slab, as well as from piece to piece.

LAMINATE: Plastic laminate tops and surfaces are of the horizontal grade with a textured (T) finish. You may specify any *Nevamar, Wilsonart, Pionite* or *Formica* brand color (matte) finish.

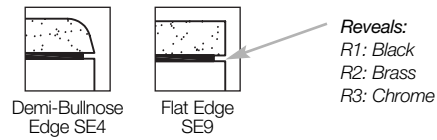

options

TABLE TOP SURFACE

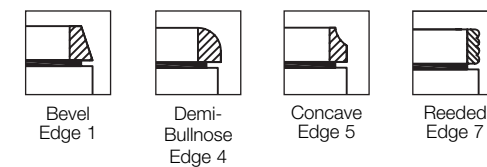

*A Diamond Pattern top is available with all wood finishes listed, except on triangle and rectangle forms.

MARBLE/GRANITE TOP: EDGE DETAIL (SHOWN WITH REVEAL EDGE DETAIL)

There are four options available for marble and granite tops, plus a reveal color (chrome, brass or black.) A black reveal is supplied unless chrome or brass is specified. Note the top adds 1" to overall height of unit. Available with all shapes except hard edge triangle.

WOOD TOP: EDGE DETAIL (CONFIGURATED EDGE DETAIL)

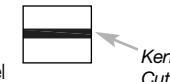

There are eight edge options available with wood tops, plus a reveal color as shown above with stone tops.

REVEALS

Reveals are 1/8" high and recessed 1/8" deep. They are available on all wood or color forms. Specify position from top.

- Reveals: R1: Black R2: Satin Aluminum R3: Stainless Steel

CONTRASTING EDGES

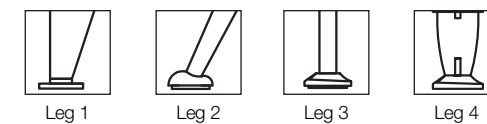

For forms in a wood finish or laminate: a configured edge in black, maroon, or a contrasting wood can be used (i.e., Oak Cylinder with Black Reeded Edge). Not available in polyester colors. Reveal in chrome, brass or black (black supplied unless otherwise noted).

- Edges: EC1: Black EC2: Maroon EC3: Contrasting Wood

BASE WOOD MOLDING

- Recessed Base • Weighted Base

METAL LEGS

RECESSED BASE

Bases are 2" high, which will not add to the overall height of the unit. Bases are available on all shapes except triangles.

- Finishes: B1: Black Laminate B2: Satin Aluminum B3: Stainless Steel B4: Matching Wood, Color, or Laminate

INLAYS

Inlays are available with all Baron Cubes and other forms only together with Configured Edges. Marble, granite, wood, plastic laminate, Avonite and Corian (special order) can be used as inlays. (Use material codes on page 2.)

CASTERS

Recessed black casters are available on units 18" diameter or larger, 18" square or larger, and less than 28" high.
